SARC INFORMATION

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- Visit the CDE SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>, for more information about SARC requirements.
- Visit the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>, for more information about the LCFF or LCAP.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DATAQUEST

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

CALIFORNIA SCHOOL DASHBOARD

The California School Dashboard (Dashboard) reflects California's new accountability and continuous improvement system and provides information about how districts and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of districts, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. The Dashboard can be accessed at <https://www.caschooldashboard.org>.

DISTRICT STATEMENTS

DISTRICT MISSION

To inspire ALL students to extraordinary achievement every day.

DISTRICT VISION

An unwavering focus on innovative and engaging learning experiences that prepare students for college, career pathways and life success.

SCHOOL STATEMENTS

MESSAGE FROM THE SCHOOL ADMINISTRATION

At Juliette Low School of the Arts, our vision is to provide a high-quality, technology-rich and arts-infused 21st Century academic community that empowers and inspires every student to be a confident global citizen and critical thinker.

In order to prepare students for kindergarten success, a School Readiness program is offered to our families. In addition, a Transitional Kindergarten (TK) class serves as a bridge between preschool and kindergarten, providing students with time to develop fundamental skills in an age- and developmentally-appropriate setting. Every student at Juliette Low has access to a rigorous core curriculum in language arts, mathematics, science, and social science. Core instruction in kindergarten through sixth grades is driven by the State Common Core Academic Content Standards. Students are assessed on an ongoing basis to determine student progress and needs and to modify instruction, with the ultimate goal being mastery of standards. During a 30-minute "Targeted Instruction for Everyone" (TIE) period, which takes place 4 days per week, students receive English Language Arts support specific to their needs. Support systems that promote academic success include an Instructional Practices Coach, Impact Teachers, Resource Specialist Program Teacher, bilingual para-educators, counseling services, after-school programs, cross-age buddies, and teachers providing before and after school intervention programs to address specific academic needs. All students receive systematic English Language Development (ELD) during a 30-minute daily block.

In order to challenge all students, Gifted and Talented Education (GATE) clusters have been established in fourth, fifth, and sixth grade classrooms. All upper grade teachers are GATE-certified and implement depth and complexity icons into core instruction to deepen student understanding of concepts and enhance critical thinking. First through sixth grade students set academic goals and chart their progress toward those goals in formative assessment folders. Academic growth and success is celebrated throughout the school, both school-wide and in classrooms.

A school-wide emphasis is placed on reading. Students engage in core literature studies and literature circles, through which they are exposed to authentic texts and taught grade level concepts and skills in context. Students have access to a wide variety of literature in the school library. The Accelerated Reader program is utilized in kindergarten through sixth grades, motivating students to read books of their choice and earn points by taking comprehension quizzes. A 3-C Lab provides a relaxing place for students to read, create art, and participate in events such as poetry slams during lunch. Upper grade teachers and the principal facilitate book clubs, during which students read and discuss a current title.

Technology is an integral part of the core curriculum. Every classroom is equipped with a SMART Board. Transitional Kindergarten through sixth grade classrooms have a class set of Chromebooks, which are used as a learning tool. Teachers utilize Google Classroom to foster collaboration and provide timely feedback to students on assignments and projects. Teachers also use Pear Deck to actively engage students throughout lessons. In addition, teachers use technology to differentiate instruction and provide interventions and extension activities. Juliette Low School of the Arts has its very own Broadcast Studio and network, J-Low Network or JLN. The Broadcast Crew consists of fifth and sixth grade students who produce broadcasts that may be viewed in every classroom and within our community.

As Juliette Low is a School of the Arts, the study of art and integration of art into the core curriculum is a school-wide focus. All teachers and the principal receive ongoing training and support from The California Arts Project staff. They have successfully completed the three levels of Visual Arts training, which included drawing, color, theory, art criticism, painting, and 3-dimensional art. Art instruction is directly aligned with the California Arts Standards in Visual Arts and taught directly as well as integrated into core instruction. Fifth grade students showcase their art in a yearly Art Exhibit, which is attended by parents and community members.

Through the District's music and art program, all students receive weekly music instruction, aligned with key music standards, from a certificated music teacher for one semester. Each year, students in each grade level engage in an arts experience within one of the four visual and performing arts domains. In addition, Juliette Low students have various opportunities to participate in performing arts presentations throughout the year. Approximately 60 third through sixth grade students participate in an original musical, which is performed for the Low community as well as students and teachers from other schools in our District. All students have the opportunity to showcase their talents in a variety show at the end of the year. A very exiting addition to our school is the Keys of Inspiration piano lab, which was made possible through the Lang Lang International Music Foundation. In the piano lab, second through fourth grade students receive piano lessons for one hour each week. Within our Broadcast Studio is the 3-C Lab, the C's of which stand for Creativity, Collaboration, and Communication. Here students may create art and projects, enjoy reading, and collaborate.

SCHOOL PROFILE

Located in the Orange County City of Anaheim, the Magnolia School District educates pre-kindergarten through sixth grade students from the diverse communities of West Anaheim and Stanton. There are currently nine elementary schools (pre-K-6) in the district. Students from the Magnolia School District attend junior high and high schools in the Anaheim Union High School District. School programs and curricular objectives emphasizing English Language Development, strong community partnerships, and character education are hallmarks of the Magnolia School District.

Juliette School of the Arts, which operates on a single track year-round schedule, serves students in transitional kindergarten through sixth grade. Juliette Low School of the Arts has the goal to provide an engaging learning environment with strong parental involvement in which all students are able to participate in activities that promote academic achievement, personal

growth, and high self-esteem.

CONDITIONS OF LEARNING

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

TEACHER ASSIGNMENT

The tables below display information regarding teacher preparation and placement, teachers without credentials and misassignments (considered “ineffective” under ESSA), credentialed teachers who are assigned out-of-field (considered “out-of-field” under ESSA); and class assignments. The data is collected and provided through an exchange with the Commission on Teacher Credentialing (CTC) and its California State Assignment Accountability System (CalSAAS). More information about the definitions used to determine the displayed data is available on the CDE’s Updated Teacher Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

SCHOOL FACILITIES

Age and Condition of Facilities

Juliette Low School of the Arts was designed in 1961. The school provides a safe, clean environment for students, staff, and volunteers. The facility encumbers approximately 10.75 acres and consists of 21 permanent buildings, 12 portable buildings, three outdoor play areas, a broadcast studio (3C Lab), library, multipurpose room, kitchen, and an administrative building. The school is well-maintained and provides adequate space for students and staff. The facility strongly supports teaching and learning through its ample classroom and playground space.

Improvements to Facilities

The site has a solar panel structure that provides both power and shade to the facility. The HVAC and lighting are routinely maintained. The District plans to continue their preventative maintenance program for the playground blacktops, parking lots, and roofs.

Cleaning Process

The District's governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance and Repair

The maintenance and repair of the school facility is the number one priority of the District's Maintenance, Operations, Transportation, and Facilities Department. The District's maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

FACILITY INSPECTION RESULTS

The chart displays the results of the most recent facilities inspection at the school. While reviewing this report, please note that even minor discrepancies are reported in the inspection process.

INSTRUCTIONAL MATERIALS

Magnolia School District held a Public Hearing on September 14, 2023, and determined that it has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district are aligned with the California State Standards and have been approved by the Board of Education. The most recent textbooks (as of September 2023) for all schools in the Magnolia School District are indicated.

PUPIL ACHIEVEMENT AND OUTCOMES

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS

The California Assessment of Student Performance and Progress (CAASPP) is a collection of tests used statewide to provide teachers, students and parents with information about how students are doing in school. The assessment system utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Summative assessment results include student scores, achievement levels, and descriptors that describe performance. Information regarding the CAASPP test results of mathematics for each grade and achievement standards can be found on the CDE CAASPP-ELPAC Results website at <https://www.caaspp-elpac.cde.ca.gov/caaspp/>. The CAASPP System consists of the following assessments:

- Smarter Balanced English language arts/literacy (ELA) and mathematics
- California Alternate Assessments for ELA, mathematics, and science
- California Science Test (CAST)
- California Spanish Assessment (CSA)
- Smarter Balanced Interim Assessments

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The value "N/T" indicates that students were not tested, and therefore no scores are available at this time.

ASSESSMENT RESULTS

The table displays the percent of students who met or exceeded state standards in English Language Arts/Literacy (grades 3-8 and 11), Mathematics (grades 3-8 and 11), and Science (Grades 5, 8, and high school).

OTHER OUTCOMES

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):
 - Pupil outcomes in the subject area of physical education

PHYSICAL FITNESS ASSESSMENT

In the spring of each year, all California schools are required by the state to administer a physical fitness test to students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in five major areas. The five major areas are Aerobic Capacity, Abdominal Strength and Endurance, Extensor and Strength and Flexibility, Upper Body Strength and Endurance, and Flexibility.

The table displays the percentage of students participating in each of the five fitness evaluations by grade. Detailed information regarding this test may be found at the CDE website at <http://www.cde.ca.gov/ta/tg/pf/>.

PUPIL ENGAGEMENT

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout and graduation rates
- Chronic absenteeism rates

CHRONIC ABSENTEEISM

Attendance is critical to academic achievement. Regular daily attendance is a priority and is expected for students. A student who is absent on 10 percent or more of the school days in the school year is considered to be a “chronic absentee”. Chronic absenteeism negatively impacts student learning and achievement and is closely monitored by school staff and the district. Rates of chronic absenteeism for the school are displayed below.

Chronic Absenteeism Rate (Percentage)				
2022-23	Cumulative Enrollment	Chronic Absenteeism Eligible Enrollment	Chronic Absenteeism Count	Chronic Absenteeism Rate (Percentage)
All Students	521	504	179	35.5

PARENT ENGAGEMENT

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

PARENT INVOLVEMENT

Parents are welcomed as partners in the educational process. They are advised of upcoming school events through their regularly updated online calendar and digital parent communication stream through ParentSquare. Every teacher uses Class Dojo to communicate with parents daily regarding class projects and assignments, school and grade level events, and student progress. Parents have been invited to a wide variety of events at school, including weekly spirit rallies, award assemblies, monthly Principal’s Breakfasts, Back to School Night, Open House, student performances, and volunteer teas. We look forward to these opportunities as we continue to promote these events in a safe manner. Also, our Parent Involvement Liaison plans one parent educational class per trimester. Parental attendance at parent-teacher conferences is high, generally between 92% and 98%. Parent conferences focus on student progress toward grade level standards and individual learning goals. Opportunities to serve in advisory capacities include School Site Council, Parent-Teacher Association, and English Language Advisory Committee. Our PTA supports our Accelerated Reader program, incentives, field trips, etc. Parents have the opportunity to volunteer for many school events, including the Second Harvest Food Bank, Copy Club, book fairs, field trips, and fundraisers.

SCHOOL CLIMATE

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

SUSPENSIONS AND EXPULSIONS

The table displays the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted. Due to the COVID-19 pandemic, the 2020-2021 rate data is not comparable. In instances where there was not in-person learning for the entire school year, it would be inappropriate to make any comparisons of the suspension and expulsion rates to school years that offered in-person learning for the entire school year.

Suspension and Expulsion Rates						
	Suspensions			Expulsions

SCHOOL SAFETY

All schools in the Magnolia School District have closed campuses. During school hours the entrance is secured to ensure visitors check in with the front office. All visitors are required to sign in and to wear visitor badges during their stay. While visits by parents and community members are welcomed, anyone wishing to be on campus during school hours should notify staff ahead of time. During lunch, breaks, and before and after school, yard supervisors, administrators, and teachers supervise students and monitor the campus.

The comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine, and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a schoolwide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures.

During the COVID-19 pandemic, protecting the health and safety of staff, students and families is a priority. The district has created comprehensive health and safety protocols which include: cleaning, disinfecting and sanitizing, use of personal protective equipment, symptom screening, social distancing, hygiene practices, testing, and responding to positive cases.

The school evaluates the plan annually and updates it as needed. The plan was last updated in December 2023. Safety procedures, including elements of the Safe School Plan, are reviewed with school and district staff throughout the school year during various safety training opportunities and emergency drills.

DISCIPLINE AND CLIMATE FOR LEARNING

Juliette Low students, staff, and parents are a community of leaders committed to excellence. We choose to be positive and believe that every member matters. Through our Positive Behavioral Intervention and Supports (PBIS) program, students are directly taught school-wide behavioral expectations, rewarded for positive behavior, and supported when experiencing behavioral challenges. All staff members distribute “Paw Cards” to students exhibiting respect, responsibility, and/or safety. Students may use “Paw Cards” to obtain items from a weekly student store or place them in a raffle cage, from which random student names are selected weekly for individual and classroom prizes. Teachers have been trained in Restorative Circles, which are being used as an instructional strategy as well as a process for resolving behavior conflicts. The Second Step Curriculum is delivered in all kindergarten through sixth grade classrooms and supported by the principal during morning announcements and spirit rallies. A school-wide emphasis has been placed on the importance of regular attendance. Both individual and classroom incentives are in place to promote and acknowledge students for regular attendance.

Fourth through sixth grade student leaders serve in Student Council, through which they plan spirit events and spearhead community service projects. Upper grade students have the opportunity to serve on Peer Assistance Leadership (PAL), through which they facilitate the peaceful resolution of conflicts during recess and lunch, engage in community service projects such as beach cleanups, and facilitate the weekly student store. Fifth and sixth grade mentors serve as positive role models for targeted primary students requiring Tier II academic and positive behavior interventions.
